

## The Worst Team I Ever ...

Number of People	Approximate Time	Items Required
Unlimited number	15 to 30 minutes	Flip chart or board Magic marker

This exercise allows individuals to examine poor teamwork and determine corrective measures to ensure successful teamwork in the future.

1. Have each person describe the worst team he or she participated in and why the team was so bad.
2. Briefly write each person's description onto a flip chart.
3. After the worst traits have been described, debrief each team by having each team member identify one proper team trait and one way to avoid a "worst team" trait.
